February 26, 1923.

My dear Mr.Papperman:-

Thank you very much for so kindly coming over to preach for me while I basked in the sunshine of South Carolina. Your very many friends here were more than delighted to hear and see you again.

You are not forgetting our Centennial in the last of May (week of Sun.27 - June 3rd). We hope that you will have a large place in the festivities.

Work this winter has been a little difficult owing to our redecoration, but we begin to see light in the clearing and hope to be out of the woods by Easter.

I have tried repeatedly upon several invitations to get up to the Fellowship Club, but something has always happened to prevent me.

With very heartiest good wishes for you in your work, and my kindest personal regards, I am,

Faithfully yours,

The Rev.G.A.Papperman,
315 Delaware Avenue,
Buffalo, New York.
